Our Commitment:

To work side by side with young people in the community to understand their experiences, and to work to influence change, so together we can improve available resources and create opportunities in our community.

Future North is part of the **Communities Building Youth Futures Initiative**. This initiative is funded by the Federal Youth Employment Skills Strategy (YESS) and Tamarack Institute (2019-2024). The Tamarack Institute also provides support and mentoring for this initiative.

Communities Building Youth Futures (CBYF) is a five-year, pan-Canadian project to develop Collective Impact, system-wide solutions for youth as they build and act upon plans for their future.

1. Navigation

Connecting youth to opportunities, pathways and supports that align with their future goals

2. Education

Turning hands-on community projects into co-op credits and employment for youth

3. Partnership

Working together to test innovative ideas and bring youth to the table

4. Advocacy

Working from within the system to transform the youth experience

Check out how we are making this happen!
